

EXHIBITORS AND SPONSORSHIP PACKAGES 2026

Academy of Pharmaceutical Sciences

PharmSci

International Conference

17th PharmSci International Conference

7th - 9th September 2026

Hilton Newcastle Gateshead Hotel, UK

About

The Academy of Pharmaceutical Sciences (APS) is the UK-based professional membership body for Pharmaceutical Scientists. We represent individuals and organisations from around the globe, throughout their development, in the delivery of excellence in the Pharmaceutical Science sector.

The conference will showcase the best of pharmaceutical science providing insight into state-of-the-art technologies and a platform for the development of new pharmaceutical talent.

The aim of the 2026 APS conference is to provide a forum for the presentation and exchange of ideas relating to the latest high quality developments in the design and manufacture of new medicines, from discovery to commercialisation. The conference will provide a dynamic forum for industry, both large and small, to come together with academic colleagues to explore new technologies, processes and collaboration and cooperation is the key to modern pharmaceutical development and the Hilton Newcastle Gateshead Hotel in Newcastle will provide an ideal setting to bring together groups from across Wales, Ireland, the UK and beyond to showcase internationally leading work and to set the stage for a new era of pharmaceutically driven healthcare.

Delegates

300+

Pharmaceutical Industrialists, University academics, professors, post-doctoral and PhD students, pharmacy and pharmaceutical sciences undergraduate students, regulators MHRA & EMEA, consultants, business owners and many more.

Speakers

40+

Inspiring, key note speakers, experts in their field and awardwinning scientists. Including Plenary presentations and over 20 different themed sessions

Posters

200+

Over 200 posters on latest developments in pharmaceutical sciences from key University research groups and pharmaceutical companies.

Networking Events

Monday 7th September 2026

Hilton Newcastle Gateshead Hotel

APS will be holding an informal **Drinks Reception** at the Hilton Newcastle Gateshead Hotel open to all attendees on Monday 7th September 2026. This will enable attendees time to view the exhibits and posters and interact in a relaxed and informal environment.

Tuesday 8th September 2026

Hilton Newcastle Gateshead Hotel

The **Conference Dinner** which includes the Academy Awards Ceremony where the Academy present awards to recognise the contribution of colleagues in the field will be held at the Hilton Newcastle Gateshead Hotel on 8th September 2026. The PharmSci 2026 Conference Dinner will be attended by many of the key note speakers, APS Board, Advisory Board of the Academy, Exhibitors and Delegates.

Exhibition and Sponsorship Benefits

Promote and Showcase

You can present your brand, company and products to our delegates, meet potential clients and new employees face to face. Use the exhibition space to demonstrate your services and products to potential partners and customers. The PharmSci Conference 2026 gives you the opportunity to connect with pharmaceutical industry, university research groups UK and globally, professionals and influential experts, and also to connect with future employees from the talented research students.

Interested

The packages below are a guide for you, providing sponsorship and involvement at all levels for your company. They include:

Exhibitor Opportunities

The conference includes a large pharmaceutical sciences exhibition to highlight big pharma companies, small and medium size enterprises (SMEs), contract research organisations (CROs) and technology suppliers. This will be held in the Gateshead Suite so exhibitors will be situated where all refreshments are served, with many opportunities during the conference for delegates to visit your stand and discuss your company and services.

The PharmSci 2026 Conference gives you a unique opportunity to connect with pharmaceutical scientists, based in industry, academia, regulatory and business from the pharmaceutical science from the UK and around the world.
